

Alcohol for Poison.
Bathing with alcohol will prevent injurious effects from poison ivy, or, if the poison has taken effect, by wetting the affected part with alcohol, to which sugar of lead has been added, until a milky appearance is obtained, will give relief. The wash is poison and for external use only.

The man who smiles if called an egotist will get mad if called a perfect crank.

When the bait is worth more than the fish it is time to stop fishing.

Manufactured Salt.
A new industry is springing up in Northern Mexico—sinking wells for salt water to manufacture salt for mining and domestic purposes. One company has secured 120,000 acres of salt water territory at Camaron, 120 miles south of Laredo, and have struck water containing 12 per cent salt, worth from 1 to 3 cents a pound.

If a man only loves a woman enough she will never be kind to him.

A Conversation.
"Kipling is quite right," said the hostess, as she agitated the salad in a blue Canton bowl. "This reprint of his American notes should never have left the seclusion of the newspaper files, as he says. Do you know, I think a great deal of our slap-dash enthusiasm about him may be explained very simply. He lets himself say any quantity of brutal things, and things that are distinctly not nice, which the rest of us may have thought, but wouldn't put into speech for worlds. When we come upon such things in his books they give us a little shock of surprised recognition, and we go about telling each other how strong and unhampered and sincere Kipling is, and what astonishing insight he has." Every one at the table immediately took sides, and the pros and cons of the discussion haven't been settled yet.

When you lose a friend by finding him a small sum of money you get the best of the bargain.

Read the Advertisements.
You will enjoy this publication much better if you will get in the habit of reading the advertisements; they will afford a most interesting study and some excellent bargains. Our advertisers are reliable, and send what they advertise.

The Baltimore & Ohio Railroad, at the request of numerous business organizations of Baltimore and Philadelphia, has arranged for a ten days' stop-over at each of those cities under the usual procedure of the passenger depositing the ticket with the ticket agent upon his arrival. The Baltimore and Ohio Railroad now grants ten days stop-overs at Washington, Baltimore and Philadelphia.

Are You Using Allen's Foot-Ease?
It is the only cure for Swollen, Smarting, Burning, Sweating Feet, Corns and Bunions. Ask for Allen's Foot-Ease, a powder to be shaken into the shoes. At all Drugists and Shoe Stores, 25c. Sample sent FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

The man who marries an heiress evidently believes in beginning with the golden wedding.

Kankola is guaranteed to cure Dyspepsia and Indigestion. It contains new remedies that digest starch food. No. All drugists.

People who are given to conceited fault-finding imagine it is intelligent criticism.

The Best Prescription for Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price, 50c.

At 30 a man is convinced that the majority of men are fools; at 60 he admits that he is of the majority.

Did you ever See a Snow Storm in Summer?

We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snowstorm.

No need of this snowstorm. As the summer sun would melt the falling snow so will Ayer's Hair Vigor.

It melts these flakes of dandruff in the scalp. It goes further than this: it prevents their formation. It has still other properties: it will restore color to gray hair in just ten minutes out of every ten cases.

And it does even more: it feeds and nourishes the roots of the hair. This hair becomes thick hair; and short hair becomes long hair.

We have a book on the Hair and Scalp. It is yours, for the asking.

If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed.

DR. J. C. AYER, Lowell, Mass.

PISO'S CURE FOR GOUTS, GRAVEL, RHEUMATISM, CALCULI, NEURALGIA, MIGRAINE, CONSUMPTION.

THEY BLOW UP A STREET CAR

Rioters in Cleveland Place Dynamite on the Track.

SIX INJURED—ONE FATALLY.

CLEVELAND, Ohio, July 21.—A Euclid avenue car, loaded with passengers, was wrecked by an explosion of nitro-glycerine or gun cotton shortly before 11 o'clock last night. Six persons were badly hurt, one fatally.

The police are searching for the buggy in which the dynamite is supposed to have ridden, and all stations have been notified to be on the lookout for it.

The explosion tore out the front end of the car, smashed all the windows and destroyed the brake. The motorman William Draggars, who came from Cincinnati, was dazed by the shock, but the conductor, Frank Schroeder of St. Louis, escaped injury.

The force of the explosion was so great that it shook all the houses in the neighborhood and was heard for a distance of two or three miles.

There is no clue to the identity of the persons who placed the explosive on the track. Persons living in the neighborhood say they saw a man in a buggy stop at the corner of Kensington street, where the explosion occurred, about the time the car was wrecked.

The rioting, which continued throughout Saturday night, was renewed yesterday, and there were several serious outbreaks of violence, but no clashes between the mobs and the troops.

Rioting continued all along Broadway and took three squads of police as many hours to escort three cars a distance of four miles to the barns. Fifteen or twenty of the rioters were taken into custody.

TO FORM A NEW LABOR PARTY.

Delegates of Trades Unions in Gotham Launch a Project.

New York, July 21.—Hundreds of delegates representing the trades unions in the Greater New York were present at the regular meeting of the Central Federated union, at which the organization of the new labor party came up for discussion. The project was enthusiastically indorsed by the delegates, a number of speeches being made in its advocacy.

A convention was formally called for August 7, the place of meeting to be announced later. Every union and reform body in the city of New York will be asked to send delegates and an organization will be effected.

One of the delegates denounced the board of aldermen, saying: "They had \$100,000 to entertain Admiral Dewey, but not a penny for the poor strikers. For them there were policemen's night sticks and prison cells."

MATTOX IS CAUGHT.

Famous Desperado Arrested in Los Angeles—Called Himself Frank Jones.

LOS ANGELES, Cal., July 21.—Clyde Mattox, the notorious Oklahoma desperado, was arrested here yesterday under the name of Frank Jones. He is wanted in New York, Ohio, for the murder of Lincoln Swinney, a ranchman, in a barroom fight at Ponca City on the night of April 3 last.

The tip on which Mattox was arrested came from Sheriff Frank Pierce of New York, who telegraphed that Mrs. Hatch, Clyde's mother, had expressed a desire to see Frank Jones at Los Angeles. Clyde called for the valise and was arrested. He admits his identity and says he will return to Oklahoma without a requisition. He declares that he will have no trouble in clearing himself of the murder of Swinney, which he alleges was committed in self-defense.

SMELTER MEN REFUSED IT.

A 10 Per Cent Raise Offered by the Globe Works at Denver.

DENVER, Colo., July 21.—An attempt was made this morning to reopen the Globe smelter, the old schedule of ten and twelve hours being maintained in all departments, and wages increased 10 per cent. Very few of the former employees applied for work, the Smelter Men's union having voted to adhere to the eight-hour proposition.

The state board of arbitration will endeavor to bring about an agreement between the smelter men and the managers of the trust smelters.

PRISON FOR THE CASHIER.

Valentine to Serve Six Years for Stealing \$130,000 From a New Jersey Bank.

NEW YORK, July 21.—George M. Valentine, cashier of the suspended Middlesex County bank at Perth Amboy, N. J., was sentenced in Middlesex county court today to six years in the New Jersey state penitentiary at Trenton for the misappropriation of about \$130,000 from the bank.

Byrnes' Brash With Bandits.

WASHINGTON, July 21.—The War department received from General Otis another dispatch giving additional particulars of the fight between Captain Byrnes, with seventy men of the Sixth infantry, and robber bands in the island of Negros. It shows that the victory of the soldiers was greater than that reported in General Otis' dispatch of July 21, and that the loss suffered by the robbers was considerably larger than before stated.

Much satisfaction is felt by General Otis over the results of this preliminary effort in dealing with this disturbing element in the island, and he reports it as already having a salutary effect on other bands infesting the locality.

Katy Holdup Expected.

SOUTH CALESTER, I. T., July 21.—Anticipating a holdup by train robbers, the Missouri, Kansas & Texas railway has placed guards on passenger trains between Muscogee and Wagoner. It is claimed that five heavily armed men were recently seen on horseback near the place where the freight train was wrecked by unknown parties misplacing the switch at Wybank.

SAID BY A RAILROAD MAN.

George H. Daniels, general passenger agent of New York Central and Hudson River Railroad, recently delivered an address before the New York Press Association. Among other notable things, he said:

Four years ago I predicted that active efforts toward the extension of American commerce by commercial bodies, supported by a liberal and broad-minded policy on the part of our government, would undoubtedly secure to the United States the blessings that come from a great and varied commerce, and I said that the New York Press Association, and similar associations all over the country, could stimulate a public spirit that would insure the important results outlined.

At that time we had no idea that a war between one of the old nations of the earth and our young republic would be fought at this time we had no idea that American manufacturers would be furnishing locomotives to the English railroads, as well as Japanese, and no one thought four years ago that American bridge builders would go into the open market and successfully compete for the building of a great steel bridge in Egypt; nor that in so brief a time American engineers would be building railroads into the interior of China from the most important seaports to the interior of the country.

The score to nearly every country in the globe. In a letter from a friend in Tokio, Japan, written only a short time ago there was this significant sentence: "You will be interested in knowing that I have hanging on the wall of my office a framed picture of your 'Empire State Express,' and we expect in the near future to be hauling a Japanese 'Empire Express,' with an American locomotive." They have now in Japan nearly 100 locomotives that were built in the United States.

In Russia they have over 400 of our locomotives, and nearly every road in Great Britain has ordered locomotives from this country since the beginning of the war with Spain.

In this connection it will be interesting to note in passing that the second American locomotive was built at the West Point Foundry, near Cold Spring, on the Hudson river, and was called the "Best Friend," and from that day to this the locomotive has been one of the best friends of all our people. But it is not alone our locomotives that have attracted the attention of foreigners who have visited our shores, our railway equipment generally has commanded admiration and is now receiving the highest compliment, namely, imitation by many of our sister nations.

Prince Michel Hilko, Imperial Minister of Railways of Russia, has since his visit to the United States a few years ago, constructed a train on much the same lines as the New York Central's Lake Shore Limited. Only a short time ago, at the request of one of our many New York Central agents, the New York Central sent to Berlin photographs of the interior and exterior of our finest cars and other data in relation to the operation of American railways.

Several other countries have asked for similar information and there is a general waking up of foreign nations on the subject of transportation, brought about mainly by the wonderful achievements of American railways.

The admiration of foreign nations for us is not by any means confined to railways. One incident that startled the entire world, and riveted the attention of thinking people everywhere to American achievements in machinery, was that of the United States battleship "Oregon," built at the Union Iron Works in San Francisco, and which steamed a distance of more than half round the globe, without loosening a bolt or starting a rivet, and arrived at her post off the island of Cuba prepared to perform any service required of her; and then having given a most satisfactory account of herself on that memorable 2d of July, 1898, off Santiago, she steamed back to the Pacific, and without unnecessary delay crossed that great ocean to join Admiral Dewey's fleet at Manila. On her arrival there the Secretary of the Navy received one of those condensed messages, for which the admiral—who has shed undying luster upon the name of the American navy—is so noted, which read as follows: "Manila, March 15, 1899.—The Oregon and Iris arrived here today. The Oregon is in fit condition for any duty. Dewey."

These demonstrations of what American shipbuilders can accomplish, created a desire on the part of every navy in the world for ships of the character of the Oregon, and the logical conclusion of thinking people was that if we could build ships like the Oregon, anything else that we built

must be of a superior quality, and the demand for American manufacturers began to increase and is increasing with each day, until hundreds of our factories are now running night and day, and business in the United States was never in a more prosperous condition than it is on the 21st day of June, 1899.

It has been said by a great American writer that "trade follows the flag." Our war with Spain has placed our flag upon the islands of the Pacific, directly in the natural track between the Pacific coast of the United States and Japan and China, and as we contemplate our growing commerce with these old nations we are reminded of the prophetic statement made at the completion of the first continuous line of railroad between the Atlantic and Pacific oceans, by the joining of the Union and Central Pacific railroads, more than thirty years ago, by that prophet of his time, Thomas H. Benton, who, standing on the summit of the Rocky Mountains and pointing toward the Pacific ocean, said: "There is the East; there is India." Mr. President, since the meeting at Lake George, four years ago, the fortunes of war have placed the United States in the front rank among the powers of the world, and we can no more shirk the responsibility which these events have brought on us as a nation, than we can shirk our responsibility as private citizens.

There are some who seem to think that we might get along without trade with China, and that it is a new fangled notion that Chinese trade can especially benefit the United States.

Commerce with China is much older than many suppose, for it began 115 years ago, the first vessel sailing from New York on Washington's birthday, in the year 1774. This vessel returned to New York May 11, 1775. The success of the venture was such as to warrant its repetition, and from that day to this, trade between the United States and China has continued without material interruption, until it is now greater in importance and value than that of any other nation trading with China, with the single exception of Great Britain. If we are to continue as one of the great nations of the world, we can hardly afford to ignore a country that comprises one-twelfth of the land area and nearly one-fourth of the population of the globe.

The influence of the press, particularly in this country, is immense, and it is growing year by year, and with a country that is the result of a misunderstanding of the real situation, and the hasty legislation of such times has usually been repealed upon the sober second thought of the people, for in the language of our great Lincoln: "You can fool all the people some of the time, some of the people all the time, but you can't fool all the people all the time." There are still some people who fear that consolidations, especially of transportation companies, will result disastrously to the general interests of the country. There is one example to which I wish to call your attention, and which, I think, each of you will appreciate. Forty-seven years ago, there was issued an annual pass over the Central Line of Railroads, between Buffalo and Boston, and by the People's Line of Steamboats to New York; this pass bearing the following signatures on the back thereof: Ezekiel C. McIntosh, President, Albany and Schenectady R. R. Co.; Erastus Corning, President, Utica and Schenectady R. R. Co.; John Wilkinson, President, Syracuse and Utica R. R. Co.; Henry B. Gibson, President, Rochester and Syracuse R. R. Co.; Joseph Field, President, Buffalo and Rochester R. R. Co.; William H. Swift, President, Western R. R. Co.; Isaac Newton, People's Line Steamboats; Job Collamer, Watertown & Rome R. R. Co.

Mr. E. D. Worcester, Secretary of the New York Central, says he rode on a ticket of this kind from Albany to Boston in the summer of 1852, and he remembers distinctly the signature of each of these Presidents. What would you think if in preparing to attend your annual meeting you had to write to eight different persons to secure transportation from New York to Niagara Falls? I am sure you appreciate the fact that it does not require eight letters to secure such transportation, nor does it require seven changes of cars to make the journey as it did in 1852.

She Dared.
"Your teacher whipped you?" roared Gayboy. "How dared she?" "Well," blubbered the boy, "she said she also licked you when you were in her class, and she guessed she'd risk it."

Continuous.
Mrs. Sentimental (watching her sleeping child)—How true it is that "heaven lies about us in our infancy!" Her Cold-Blooded Husband—Yes, and somebody else keeps it up afterward.

Canada's Bad Latin.
Canada's knowledge of Latin needs revision. Its idea of a *modus vivendi* is for the other side to surrender its coast line and everything else involved. —St. Louis Globe-Democrat.

Danger.
"You had better not go boating with Ada," said Tommy to his sister's fiancé.

"Why not?"
"Cause I heard her say she intended to throw you overboard soon."

Secrets of the Trade.
"We make our own ice cream," said the restaurant proprietor. "Consequently we know just what it contains." "You do," replied the patron, "but I don't." —Chicago Post.

When Hostilities Begin.
Visitor in Olympia—Let me see, you are the goddess of love and marriage, I believe?
Venus—Only of love. Mars looks after the marriages. He is the god of war, yes know.

Adulterated Coffee.
Painted coffee beans are among the latest curiosities of the adulterated food market. Inferior beans are colored with burnt umber and made to look like the finest Mocha. They are described as "shiny-brown outside, yellow inside and tasteless."

Origin of the Circus.
The origin of the modern circus dates back to about 1770, when Philip Astley, a discharged soldier, gave exhibitions of horsemanship in an improvised ring at Lambeth, London.

Greatest Depth of the Sea.
The greatest sea depth known to man is in the South Atlantic ocean, midway between the island of Tristan de Cuba and the mouth of the Rio de la Plata, the bottom being here reached at a depth of 40,326 feet, or eight and three-quarters miles.

At Swedish Weddings.
At Swedish weddings among the middle and lower classes the bridegroom carries a whip, as an emblem of his authority in the domestic circle.

Sounded Like It.
His father was spelling and the boy pronouncing. "H-a-m" spelled papa. "Ham," said Master Russell. "R-a-m—ram. L-a-m—" "Mutton," came the answer, which caused the entire family to go off into peals of laughter.

Still More Counterfeiting.
The Secret Service has just unearthed another band of counterfeiters, and secured a quantity of bogus bills, which are very cleverly executed. Things of great value are always selected for imitation, notably Hostetter's Stomach Bitters, which has many imitators but no equals for disorders like indigestion, dyspepsia and constipation.

Bluesiness may be all right in blood but it's all wrong in milk.

Do Your Feet Ache and Burn?
Shake into your shoes, Allen's Foot-Ease, a powder for the feet. It makes tight or New Shoes feel Easy. Cures Corns, Bunions, Swollen, Hot and Sweating Feet. At all Drugists and Shoe Stores, 25c. Sample sent FREE. Address Allen S. Olmsted, LeRoy, N. Y.

It's not the fast men that win in the race for wealth.

Well Groomed Women.
A pretty shirt waist, properly laundered with "Faintless Starch," makes a woman look sweet and wholesome and adds greatly to her attractiveness. Try it. All grocers, 10c.

REGISTER OF TREASURY.
Hon. Judson W. Lyons, Register of the United States Treasury, in a letter from Washington, D. C., says:

Pe-ru-na Drug Mfg. Co., Columbus, O.: Gentlemen—I find Pe-ru-na to be an excellent remedy for the catarrhal affections of the bladder.

Hon. Judson W. Lyons, Register of the United States Treasury, in a letter from Washington, D. C., says:

Pe-ru-na Drug Mfg. Co., Columbus, O.: Gentlemen—I find Pe-ru-na to be an excellent remedy for the catarrhal affections of the bladder.

No man is better known in the financial world than Judson W. Lyons. His name on every piece of money of recent date, makes his signature one of the most familiar ones in the United States. Hon. Lyons' address is Augusta, Ga. He is a member of the National Republican committee, and is a prominent and influential politician. He is a particular friend of President McKinley.

Remember that cholera morbus, cholera infantum, summer complaint, bilious colic, diarrhoea and dysentery are each and all catarrh of the bowels. Catarrh is the only correct name for these affections. Pe-ru-na is an absolute specific for these ailments, which are so common in summer. Dr. Hartman, in a practice of over forty years, never lost a single case of cholera infantum, dysentery, diarrhoea, or cholera morbus, and his only remedy was Pe-ru-na. Those desiring further particulars should send for a free copy of "Summer Catarrh." Address Dr. Hartman, Columbus, O.

BUGGIES, HARNESS, SEWING MACHINES at wholesale prices. No agents, no middlemen, no money in advance, 60 per cent saved. Send subject to examination. We discount prices to suit the times. We also sell Pianos, Cultivators, Harrows, Binding Twines, 1000 other things. Send for free catalog. Also see ads. 11th P. S.—We are the only Piano Factory in the United States selling complete Pianos for less than \$100.

Queen of Italy Leads Famine.
The queen of Italy, although very charitable and exceedingly solicitous for the welfare of her people, is the most extravagant woman in the kingdom in the matter of dress. The king thinks she is setting a bad example, but she says that her doings have no influence, as the Italian ladies are naturally fond of display, and she is but keeping up her position as the head of the nation.

It takes a master stroke to conquer the rebellious schoolboy.

Remarkable Assembling.
In several respects the peace conference, now in session at The Hague, is the most remarkable assembling of the nations which history records. Of the 1,600,000,000 people who constitute the population of the entire world, about 1,400,000,000 are represented in that gathering.

Possibly the world may owe the boarder a living, but his landlady doesn't feel that it is her duty to assume the debt.

Mrs. Winslow's Soothing Syrup.
For children teething, reduces pain, soothes the inflamed membrane, cures wind colic. 25c a bottle.

If it wasn't for baseball cranks the players would soon cease to go round.

Hall's Catarrh Cure
Is taken internally. Price, 75c.

Money talks. That may be why a doctor examines a patient's tongue the first thing.

FITS Permanently Cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. Send for FREE \$100 trial bottle and treatise. "Dr. R. H. KLINE, Ltd., 931 Arch St., Philadelphia, Pa."

Some men make so many mistakes they soon become ashamed of trying to do better.

Piso's Cure for Consumption is the only cough medicine used in my house.—D. C. Albright, Millinburg, Pa., Dec. 11, '90.

It may never be too late to mend but the wise mother begins early on her small boy's trousers.

\$15.00 Per Week.
We will pay a salary of \$15.00 per week for man with right to introduce Perfection Poultry Mixture and insect destroyer in the country. Or can furnish employment on liberal commission for local agents everywhere. Address with stamp, Perfection Mfg. Co., Parsons, Kan.

Marriage is responsible for the greatest human happiness—also for the greatest human misery.

Piles of Pain.
Many kinds of piles—itching, bleeding—can be cured by the use of Dr. Kline's Great Nerve Restorer. Send for FREE \$100 trial bottle and treatise. "Dr. R. H. KLINE, Ltd., 931 Arch St., Philadelphia, Pa."

If a woman is truly religious she never sits up at night to talk about her neighbors.
